

Car Stereo Harnesses

HONDA

HYUNDAI

HAK1B

1996-98 Honda Civic

- HA05B & HA07B relocation kit.
- This kit is for a customer that wants to Replace the Factory radio and KEEP the Factory Keyless entry system. The Keyless system with remote controls would otherwise be lost because the OEM Factory In-Dash unit is removed from the vehicle. This is a 6 ft. extension harness kit to relocate the Civic Factory OEM radio elsewhere in the vehicle (under dash, firewall, under seat) because the Factory Keyless entry remotes work through the Honda AM/FM In-Dash unit. This kit includes the standard Power/Speaker harness to wire up the new aftermarket stereo.

HY02B

1992-up Hyundai

- Plugs directly into vehicle harness.
- Power / 4 Speaker

HY02RB

1992-up Hyundai

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

HAK2B

1996-98 Honda Civic

- HA05B, HA06B, & HA07B relocation kit.
- This kit is for an individual who wants to replace the Factory radio, keep the Factory Keyless entry and Complete Optional Honda Alarm systems. Both options would otherwise be lost because the OEM Factory In-Dash unit is removed. This is a 6 ft. extension harness kit to relocate the Civic Factory OEM radio AND Honda Alarm elsewhere in the vehicle (under dash, firewall, under seat). The Factory Honda Alarm C.P.U. unit mounts to the top of the AM/FM In-Dash unit. This kit includes the standard Power/Speaker harness to wire up the new aftermarket stereo.

HY03B

2000-up Hyundai Sonata/Accent

- Plugs directly into vehicle harness.
- Power / 4 Speaker

HY03RB

2000-up Hyundai Sonata/Accent

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

HAK3B

1996-98 Honda Civic

- HA02B & HA03B dome light bypass kit.
- This kit is for a Civic vehicle WITHOUT the Remote Keyless Entry System or an Individual that does not care about losing the Keyless entry system to Replace the Factory radio. Even on base model Civics, the dome light will not operate once the Factory OEM Radio is removed. This kit includes a simple bypass connector to restore the function of the interior dome light and the standard Scosche HA02 for the Power/Speaker harness for the new stereo.

HY04B

2000-up Hyundai Tiburon

- Plugs directly into vehicle harness.
- Power / 4 Speaker

HY04RB

2000-up Hyundai Tiburon

- Plugs directly into back of factory stereo.
- Power / 4 Speaker

800.363.4490 ext 1
