

Grill Cloth/Trunk Liner

SPEAKER GRILL CLOTH

GC_

Speaker Grill Cloth

- This grill cloth is a great match up to nearly any interior surface. It's 100% acoustically transparent which means that there is no loss of sound. It resists fading in the sun and is able to stretch to accommodate even the most custom grill patterns. Sold in 1 and 5 linear yards, 68" wide; packaged in a bulk polybag. The grill cloth is sold in 9 colors.

Our non-backed carpet is a very low pile, durable multi-purpose carpet that is suitable for any application requiring that "upscale" look. It is omni-directional which means your seams will almost never show. It is lightly backed, which means it holds its shape in even the most demanding installations. The "Latex backed" is the ideal carpet for true custom installations. Sold in 10 and 50 yard rolls. Rolls are 72" in width, sold in linear yards.
